**Independent Auditors' Report**

To the Board of Directors of  
Bayou Preservation Association, Inc.:

**Report on the Audit of the Financial Statements**

***Opinion***

We have audited the financial statements of Bayou Preservation Association, Inc., which comprise the statements of financial position as of December 31, 2022 and 2021, and the related statements of activities, of functional expenses, and of cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Bayou Preservation Association, Inc. as of December 31, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Bayou Preservation Association, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bayou Preservation Association, Inc.'s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and

therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bayou Preservation Association, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bayou Preservation Association, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

**Bayou Preservation Association, Inc.**

Notes to Financial Statements for the years ended December 31, 2022 and 2021

---

**NOTE 1 – ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES**

Organization – Bayou Preservation Association, Inc. (the Association) is a Texas nonprofit corporation founded in 1966 to inform the public about the environmental values of riparian lands along the bayous in Houston, Texas and surrounding areas. Its mission is to celebrate, protect, and restore the natural richness of all bayous and streams in the Bayou Preservation area.

Federal income tax status – The Association is exempt from federal income tax under §501(c)(3) of the Internal Revenue Code and is classified as a public charity under §509(a)(2).

Accounts receivable – An allowance for uncollectible accounts receivable is provided when it is believed accounts may not be collected in full. The allowance and the related bad debt expense are based upon historical loss experience and account-by-account analysis of the balances outstanding.

Investments are reported at fair value. Net investment return consists of interest and dividends, realized and unrealized gains and losses, net of external and direct internal investment expenses. Investment return is reported in the statement of activities as an increase in *net assets without donor restrictions* unless the use of the income is limited by donor-imposed restrictions. Net investment return whose use is restricted by the donor is reported as a change in *net assets with donor restrictions* until expended in accordance with donor-imposed restrictions.

Property is reported at cost if purchased or at fair value at the date of gift if donated. Additions valued at \$5,000 or more are capitalized. Depreciation is provided using the straight-line method over estimated useful lives of 3 to 5 years.

Net asset classification – Net assets, revenue, gains, and losses are classified based on the existence or absence of donor-imposed restrictions, as follows:

- *Net assets without donor restrictions* are not subject to donor-imposed restrictions even though their use may be limited in other respects such as by contract or board designation.
- *Net assets with donor restrictions* are subject to donor-imposed restrictions. Restrictions may be temporary in nature, such as those that will be met by the passage of time or use for a purpose specified by the donor, or may be perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Net assets are released from restrictions when the stipulated time has elapsed, or purpose has been fulfilled, or both. Donor-restricted endowment earnings are released when those earnings are appropriated in accordance with spending policies and are used for the stipulated purpose.

Contributions are recognized as revenue at fair value when an unconditional commitment is received from the donor. Contributions received with donor stipulations that limit their use are classified as *with donor restrictions*. Conditional contributions are subject to one or more barriers that must be overcome before the Association is entitled to receive or retain funding. Conditional contributions are recognized as revenue at fair value when the conditions have been met. Funding received before conditions are met is reported as refundable advances.

Special events revenue include elements of both contributions and exchange transactions and are recognized when an event occurs. Direct donor benefit costs represent the costs of goods and services provided to attendees of the special events.

Contract fees are derived from providing services to independent organizations. Performance obligations are satisfied over time as those services are provided. Contract fees are recognized at the amount of consideration the Association expects to be entitled to in exchange for those services. Payment is due upon request for the services provided. The nature of these services does not give rise to any variable considerations, warranties or other related obligations. Accounts receivable from contract fees were \$10,321, \$34,306, and \$15,234 at December 31, 2022, 2021 and 2020, respectively. There were no liabilities related to contract fees as of December 31, 2022, 2021 or 2020.

Functional allocation of expenses – Expenses are reported by their functional classification. Program services are the direct conduct or supervision of activities that fulfill the purposes for which the organization exists. Fundraising activities include the solicitation of contributions of money, securities, materials, facilities, other assets, and time. Management and general activities are not directly identifiable with specific program or fundraising activities. Expenses that are attributable to more than one activity are allocated among the activities benefitted. Salaries and related costs are allocated on the basis of estimated time and effort expended. Occupancy costs are allocated based on estimated time and effort expended by the employees. Depreciation is allocated based on usage of related facilities.

Estimates – Management must make estimates and assumptions to prepare financial statements in accordance with generally accepted accounting principles. These estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, the amounts reported as revenue and expenses, and the allocation of expenses among various functions. Actual results could vary from the estimates that were used.

## **NOTE 2 – LIQUIDITY AND AVAILABILITY OF RESOURCES**

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use within one year of December 31 comprise the following:

	<u>2022</u>	<u>2021</u>
Financial assets:		
Cash	\$ 408,012	\$ 400,425
Receivables	10,321	40,077
Investments	<u>552,502</u>	<u>306,730</u>
Total financial assets	970,835	747,232
Less financial assets not available for general expenditure:		
Endowment investments	(275,981)	(306,730)
Board-designated reserve fund	(75,000)	(75,000)
Donor-restricted assets subject to satisfaction of restriction	<u>                    </u>	<u>(1,050)</u>
Total financial assets available for general expenditure	<u>\$ 619,854</u>	<u>\$ 364,452</u>

For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Association considers all expenditures related to its ongoing activities of its preservation of bayous programs, as well as the conduct of services undertaken to support those activities, to be general expenditures. The Association relies primarily on contributions and special events revenue to provide

resources for general expenditures. The Association expects to fund general expenditures in excess of financial assets available to meet cash needs with future contributions and reserve funds, as necessary. The Association has established a liquidity reserve fund of \$75,000, which represents a minimum of three months of average operating expenses. Although the Association does not intend to spend from the liquidity reserve fund, amounts could be made available, if necessary.

**NOTE 3 – INVESTMENTS**

Investments consist of the following:

	<u>2022</u>	<u>2021</u>
Money market mutual funds	\$ 342,889	\$ 57,929
Multi-asset mutual funds	208,606	247,966
Cash	<u>1,007</u>	<u>835</u>
Total investments	<u>\$ 552,502</u>	<u>\$ 306,730</u>

Investments are exposed to various risks such as interest rate, market and credit risks. Because of these risks, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position and statement of activities.

**NOTE 4 – FAIR VALUE MEASUREMENTS**

Generally accepted accounting principles require that certain assets and liabilities be reported at fair value and establish a hierarchy that prioritizes inputs used to measure fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The three levels of the fair value hierarchy are as follows:

- *Level 1* – Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the reporting date.
- *Level 2* – Inputs are other than quoted prices included in Level 1, which are either directly observable or can be derived from or corroborated by observable market data at the reporting date.
- *Level 3* – Inputs are not observable and are based on the reporting entity’s assumptions about the inputs market participants would use in pricing the asset or liability.

Assets measured at fair value at December 31, 2022 are as follows:

	<u>LEVEL 1</u>	<u>LEVEL 2</u>	<u>LEVEL 3</u>	<u>TOTAL</u>
Investments:				
Money market mutual funds	\$ 342,889			\$ 342,889
Multi-asset mutual funds	<u>208,606</u>			<u>208,606</u>
Total assets measured at fair value	<u>\$ 551,495</u>	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 551,495</u>

Assets measured at fair value at December 31, 2021 are as follows:

	<u>LEVEL 1</u>	<u>LEVEL 2</u>	<u>LEVEL 3</u>	<u>TOTAL</u>
Investments:				
Money market mutual funds	\$ 57,929			\$ 57,929
Multi-asset mutual funds	<u>247,966</u>			<u>247,966</u>
Total assets measured at fair value	<u>\$ 305,895</u>	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 305,895</u>

Mutual funds are valued at the reported net asset value. This valuation method may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Association believes its valuation method is appropriate, the use of different methods or assumptions could result in a different fair value measurement at the reporting date.

#### **NOTE 5 – PROPERTY**

Property consists of the following:

	<u>2022</u>	<u>2021</u>
Furniture and equipment, at cost	\$ 19,813	\$ 23,928
Accumulated depreciation	<u>(18,446)</u>	<u>(19,599)</u>
Property, net	<u>\$ 1,367</u>	<u>\$ 4,329</u>

#### **NOTE 6 – NET ASSETS WITH DONOR RESTRICTIONS**

Net assets with donor restrictions are restricted as follows:

	<u>2022</u>	<u>2021</u>
Subject to expenditure for specified purpose:		
Various programs	\$ 49,512	\$ 123,878
Subject to spending policy and appropriation:		
Endowment and accumulated earnings	<u>275,981</u>	<u>306,730</u>
Total net assets with donor restrictions	<u>\$ 325,493</u>	<u>\$ 430,608</u>

#### **NOTE 7 – ENDOWMENT FUND**

The Association has an endowment fund (the Endowment Fund), which is maintained in accordance with explicit donor stipulations. The Endowment Fund is restricted for projects of the Association for the purposes of education, public relations, website, marketing, and the Symposium.

Changes in endowment net assets are as follows:

	<u>WITH DONOR RESTRICTIONS</u>
Endowment net assets, December 31, 2020	\$ 290,375
Net investment return	<u>16,355</u>
Endowment net assets, December 31, 2021	306,730
Net investment return	<u>(30,749)</u>
Endowment net assets, December 31, 2022	<u>\$ 275,981</u>

**Endowment Spending Policy**

The Association’s endowment spending policy allows investment return and an amount equal to the greater of 10% of the original gift or \$40,000 be appropriated for expenditure annually by the affirmative vote of a majority of the members of the Board of Directors. An amount up to \$100,000 annually may be appropriated for expenditure by the affirmative vote of two-thirds of the members of the Board of Directors for non-recurring individual projects for the specified purposes. Investment return not appropriated in the year earned may be appropriated in a subsequent year subject to the discretion of the Board of Directors. The original value of gifts donated to the endowment and net investment return are reported as *net assets with donor restrictions* until those amounts are appropriated for expenditure by the Board of Directors.

**Return Objectives and Risk Parameters**

The Association has adopted investment guidelines for endowment assets that have the primary objective of maximizing the investment return while minimizing risk and expenses through prudent investing and planning, as well as the maintenance of a diversified portfolio. Under these guidelines, the endowment assets are invested in a manner that the portfolio should be readily marketable, with no fixed-income security having a credit quality below investment grade, as defined in the investment policy. Investment performance shall be measured at least quarterly against inflation objectives for the Association and against index objectives for individual portfolio components.

**NOTE 8 – SUBSEQUENT EVENTS**

Management has evaluated subsequent events through **DATE OPEN**, which is the date that the financial statements were available for issuance. As a result of this evaluation, no events were identified that are required to be disclosed or would have a material impact on reported net assets or changes in net assets.
