## SUMMER SERIES TOPICS

**POLLINATOR GARDENS**  
JUNE

**YARD WASTE**  
JULY

**RAIN HARVESTING**  
AUGUST

**THIRD SATURDAY OF  
THE MONTH**

## ABOUT OUR WORKSHOPS

Empower yourself and your community this summer with Bayou Preservation Association's Community Resiliency Workshops! Through a series of engaging, hands-on workshops, you'll gain the knowledge and skills to implement nature-based solutions that benefit both your neighborhood and Houston's vital bayou systems.

Each workshop will cover a different topic related to holistic water sustainability. And the best part? You'll get to put your new skills into practice with hands-on activities and take home a free kit to get you started.

More than just learning new skills, BPA's Resiliency Workshops foster a sense of community and empower you to become an active steward of your environment. Contribute to a more sustainable and resilient Houston, connect with passionate individuals, and discover how your actions can truly make a difference.

Join us this summer and build a greener future!

Sponsored By

## YOUR GENEROUS CONTRIBUTION WILL:

- Equip Houstonians with the tools they need to build a more sustainable future.
- Enhance the resilience of our communities and protect our vital bayou systems.
- Foster a collaborative spirit and empower individuals to become active changemakers.
